GENERAL PROVISIONS

1. **SCOPE OF CONTRACT-REQUIREMENTS:** This is firm-fixed-price contract calling for delivery of the products or services identified in the Schedule of Items/Services at the stated prices submitted by the bidder. Upon acceptance of a bid by Freeman Coliseum and issuance of a Contract Award by the Community Arenas Board, Bidder shall be obligated to deliver the products at the stated prices, within the time specified, and in accordance with all Terms and Conditions, and General Provisions contained herein as specified in individual delivery orders. The quantities stated in the schedule of Items/Services are the estimates of Freeman Coliseum needs for two (2) year supply. They represent a realistic estimate based on past consumption for purposes of securing a bid price. The quantities are not firm and are not hereby ordered or called for. Actual requirements will be deemed to exist unless or until such orders are issued. Delivery Schedule listed by bidders on the face of this IFB shall apply to individual Delivery Orders.
 - a) Freeman Coliseum is obligated to pay for such orders and to order all its requirements against this contract for which award has been made. Freeman Coliseum is not obligated to order products not covered by this contract and is free to secure those requirements from other sources in accordance with applicable purchasing statutes.
 - b) Delivery Orders or Purchasing Card transactions may be issued. All delivery orders are subject to the terms and conditions of this contract. In the event of conflict between a Delivery Order and this contract, the contract shall control.
 - c) If mailed, a delivery order is considered "issued" when the Coliseum deposits the order in the mail. Orders may also be issued orally or by fax.
 - d) If the Coliseum's requirements do not result in orders in the quantities described as "ESTIMATED" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.
 - e) If the Coliseum urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract and if the Contractor will not accept an order providing for the accelerated delivery, the Coliseum may acquire the urgently required goods or services from another source.
 - f) Any order issued during the effective period of this contract and completed within that period shall be completed by the Contractor within the time specified in the order. The Contract shall govern the Contractor's and Coliseum's rights and obligations with respect to the order to the same extent as if the order were completed during the contract's effective period.
 - g) The Coliseum reserves the right to selectively and individually compete requirements for unusually large quantities prior to or in lieu of placing an order under this contract. This limitation would be reserved for those situations where the requirement exceeds 25% of the total annual estimated requirement.

2. CHANGES: The Coliseum may at any time, by written order, and without prior notice to the sureties, if any, make changes within the general scope of this contract in any one of the following:
- a) Description of service to be performed
 - b) Time of performance (i.e. hours of day, days of week, etc.)
 - c) Place of performance of the services
 - d) Correction of errors of a general administrative nature or other mistakes. The correction of which does not affect the scope of the contract, or does not result in expense to the Contractor.

If any such change causes an increase or decrease in the cost of, or time required for, performance of any part of the work under this contract, whether or not changed by the order, the Coliseum shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract. The Contractor must submit any "proposal for adjustment" under this clause within 30 days from the date of receipt of the written order. However, if the Coliseum decides that the facts justify it, the Coliseum may receive and act upon a proposal submitted before final payment of the contract. If the Contractor's proposal includes the cost of property made obsolete or excess by the change, the Coliseum shall have the right to prescribe the manner of disposition of the property. Failure to agree to any adjustment shall be a dispute under the Disputes and Appeals clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.
